# RETIRING

## Diane Tosca

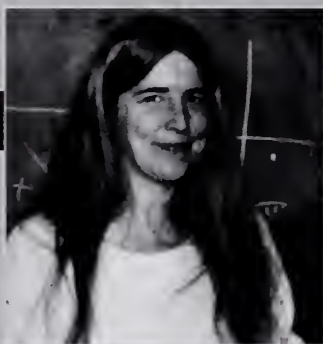

In 1968, Ms. Diane Tosca began her teaching career in Tiverton, RI at the Pocasset School. From 1970-1980 she taught in the Taunton Public Schools, along with one year at Easton Jr. High School in 1980 before she arrived in Stoughton. She spent 9 years teaching at the O'Donnell Middle School before moving up to Stoughton High School in 1991. Throughout her many years teaching, she has taught math, her favorite kind being geometry. One of Ms. Tosca's greatest qualities is that she never turns a student away when they require extra help. In fact, she can be found frequently after school tutoring those that need it. She is an exceptional teacher and will be missed dearly at Stoughton High. Even though she has no plans for retirement yet, we all wish Ms. Tosca the very best in whatever she chooses for the future.

"My favorite part of teaching is seeing people who are polite, responsive, and interested in the subject." -Ms. Tosca

# TEACHERS

## Mike Stuber

From the years of 1974-1989, Mr. Mike Stuber taught at the O'Donnell Middle School as a health teacher. The following year he began at Stoughton High, working in the guidance department. Whether it's freshmen who need help adapting, or seniors applying for college, Mr. Stuber is always willing to aid his students. After retiring, he wants to create his own business, possibly coach college soccer, and just enjoy life. He will be missed by all for all the help he has provided to so many students, both past and present, and we wish him all the enjoyment he seeks.

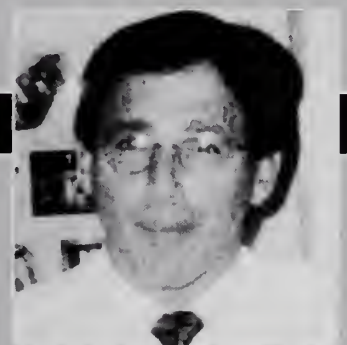

"I enjoy working with students, helping them through high school, and helping them create positive lives for themselves in the future." -Mr. Stuber

# SENIORS

## Here's to...

In September 2005, Stoughton High School was graced with the naive class of 2009. As freshman we were beyond unprepared for what was to come, who we would meet, what we would learn, or who we would become. Four years later, we have endured long, tortuous hours, countless exams and impossibly crowded hallways, simply trying to get by. Some days the bell couldn't have rung any sooner, and some days we wished it had never rung.

Somewhere in between these bells we have gained knowledge. It is in these halls that we have learned to be fearless. It is on that field, and in that gym that we have gained strength. It is these extracurriculars that build not just a resume, but character.

These are the places where we have gained all that we need to know. We are comfortable here, but tomorrow will come too soon.

We have learned a lot, searched for answers, and in the mean time found ourselves. Our SHS career that once felt limitless now seems to have passed just a little too soon. It will be scary to leave this place, somewhere that has grown prominence in the complicated equation of ourselves, but we will carry SHS pride wherever life takes us. This time an orange pass won't tell us where to go. And although many things remain uncertain, we have covered all that we need to move on. For that we can be grateful.

So here's to prolonging the road to high school, here's to becoming a part of something bigger, and here's to the Knights!

## ...our future

## HERES TO THE NIGHT

### EVE 6

So denied so I lied are you the now or never kind  
 In a day and a day love I'm gonna be gone for good again  
 Are you willing to be had are you cool with just tonight  
 Here's a toast to all those who hear me all too well

Here's to the nights we felt alive  
 Here's to the tears you knew you'd cry  
 Here's to goodbye  
 Tomorrow's gonna come too soon

Put your name on the line along with place and time  
 Wanna stay not to go I wanna ditch the logical  
 Here's a toast to all those who hear me all too well

Here's to the nights we felt alive  
 Here's to the tears you knew you'd cry  
 Here's to goodbye  
 Tomorrow's gonna come too soon

All my time is froze in motion  
 Can't I stay an hour or two or more  
 Don't let me let you go  
 Here's a toast to all those who hear me all too well

Here's to the nights we felt alive  
 Here's to the tears you knew you'd cry  
 Here's to goodbye

# DEDICATION

We find ourselves stepping into an uncertain time. Recession looms large in our present and near future. Two protracted war fronts continue to take a toll on our country, our communities, our economy, and our youth.

Despite all of our troubles, hope and optimism are flourishing. On January 20th, 2009 Barack Hussain Obama took the Oath of Office becoming the 44th President of the United States, and the first black American to hold the highest office.

Obama's innovative ideas have led many Americans to believe in our country again. Citizens have put their faith in his administration in hopes that he can provide something better. With such a dignified leader, great obstacles no longer seem so insurmountable.

**It is with great honor we dedicate the 2009 Stotonian to our symbol of hope for the future, President Barack Obama.**

Don't mock the clothes.

There's nothing scarier than a clown.

There are those relationships that open you up to something new and exotic, those that are the old and familiar, those that bring up lots of questions, those that bring you somewhere unexpected, those that bring you far from where you started, and those that bring you back. But, the most exciting, challenging and significant relationship of all is the one you have with yourself. And, if you can find someone to love the you you love, well, thats just fabulous.

If you're tired you take a napa,  
you don't move to Napa!

*We love you- we always will.  
Success is yours for the  
taking. Be strong. Stay true to  
yourself. And, never be afraid
